

# Welcome to the Ikebukuro Life Safety Learning Center!

## Facility Overview

The Ikebukuro Life Safety Learning Center was established in the heart of Tokyo in 1986 to provide visitors with necessary life safety and disaster prevention skills. Founded on the core concept of having fun while learning, visitors can experience a wide range of disaster prevention exercises such as putting out fires in their early stages, evacuating from smoke, and feeling the shaking from an earthquake.

## Tour Overview

### Standard Tour

The standard tour lasts for 1 hour and 40 minutes. During this tour, you will experience four (4) different disaster prevention or life saving training exercises.

The tours run from the following times:

9:20 ~ 11:00

13:00 ~ 14:40

15:00 ~ 16:40

Please see the following pages for more details.

### Short Course

The short course consists of two (2) experiences: the Earthquake Corner and the Disaster Education Audio-Visual Corner. This tour runs from:

11:00 ~ 11:50

### Earthquake Experience

This experience consists of just the Earthquake Corner and is available from:

12:00 ~ 12:30

## Advisories

- Guidance will be given in Japanese only.

Please bring one (1) interpreter for every twenty (20) visitors.

- Elementary schoolers or younger must be accompanied by an adult.
- Reservations can be placed up to 5 months from your desired date.  
(e.g. A reservation for October 15th can be placed from May 15th)
- Reception is open until 4:15 pm.
- Smoking is not allowed in the facility.
- Certain experience corners have age restrictions.

- People who have been drinking are not allowed to enter the facility.
- Guide dogs and service animals are allowed, but pets are not allowed.
- Eating is not allowed in the facility. Beverages are allowed in specific locations.
- Please wear comfortable clothing, but no sandals or high heels.
- Please arrive 10 minutes before the start of your tour.
- Please take your temperature and sanitize your hands when you enter.
- Please follow all of the instructor's directions. Failure to follow these directions can result in the tour being stopped. The center will not be held liable for injuries resulting from failure to follow directions.
